

Lutron® sensor solutions
Reliable, affordable sensors for any space: residential or commercial, retrofit or new construction.

Bathroom

Training Room

Kid's Room

Private Office

Lutron patented, reliable sensing technology
Superior sensitivity recognizes the difference between fine human motion and background noise.

XCT™ technology with auto-correlation – won't leave you in the dark

Major Motion

Person walking 3 feet

Minor Motion

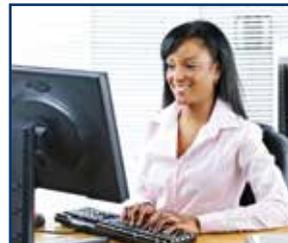

Movements like extending your arm

Fine Motion

Small movements like flipping pages of a book

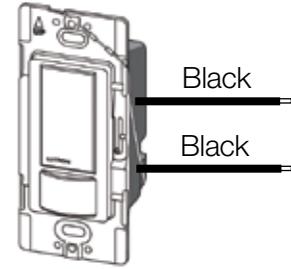

Very Fine Motion

Minimal movements like typing on a keyboard (for dual-technology)

Easy installation
Save time and reduce callbacks

Maestro In-wall sensors mistake-proof wiring—no polarity for line or loadside wiring

Any voltage
120V & 120V - 277V

Any phase
Phase A, B, or C

Radio Power Savr wireless sensors
Simple button-press set-up
no commissioning

1. Press and hold **6 seconds**

2. Press and hold **6 seconds**

It works!
Sensor now talks to the switch

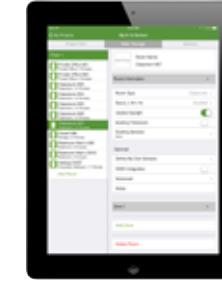

Tools at your fingertips:

Commercial Solutions app

Brochures, videos, spec sheets, design guides, and more.

Download from the App StoreSM.

Energi Advisor app

All-in-one tool for doing a lighting energy audit recommends a retrofit solution and BOM.

Download from the App Store.

Codes and Controls
www.lutron.com/EnergyCodes

Search lighting energy codes by states and find recommended solutions to meet codes.

Lutron® Sensor Solutions

Maestro® occupancy sensing switch

Lutron® Sensors

Reliable solutions for any space.

Maestro® in-wall sensors

• Durable design with clean aesthetic

- Tamper-resistant lens
- Extended relay lifetime
- Available in 27 colors

• Models for any application and all lighting loads

- Commercial grade dimmer for 0-10V ballasts and drivers
- Single- and dual-circuit switches
- C•L dimmer for dimmable LEDs and CFLs
- Passive infrared (PIR) and dual-technology sensing

Radio Powr Savr wireless sensors

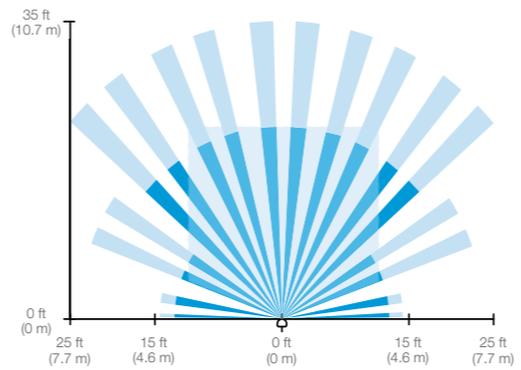

- No wires required
- Easy to mount and adjust location
- 10-year battery life
- Button press set up

Works with load controllers using reliable Clear Connect® Technology:

- Wallbox
 - Switches
 - Dimmers
- J-box mount
 - Switches
 - 0-10V and EcoSystem® dimmers
 - Receptacle controls
- Stairwell fixtures
 - LED
 - Fluorescent

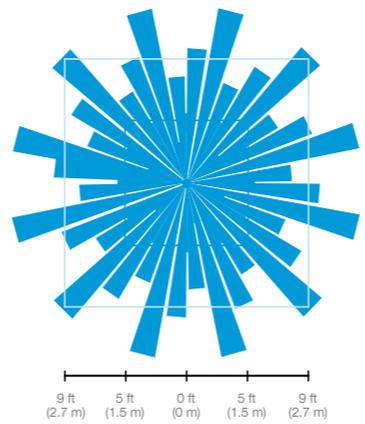

Lutron® Sensor Coverage

In-wall, 180°
400 ft² — minor motion
900 ft² — major motion

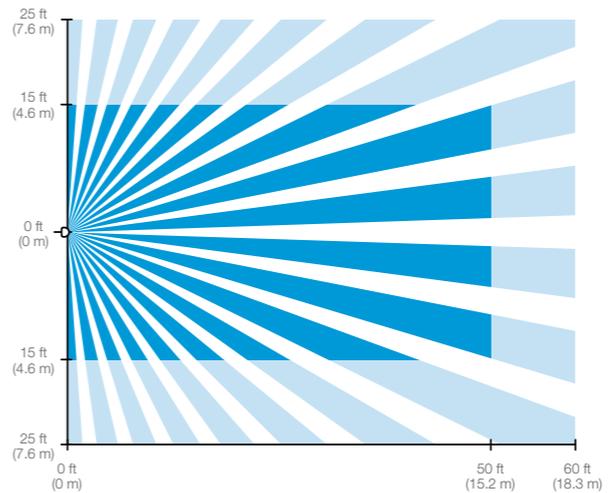

Wireless ceiling-mount, 360°

Coverage varies by ceiling height

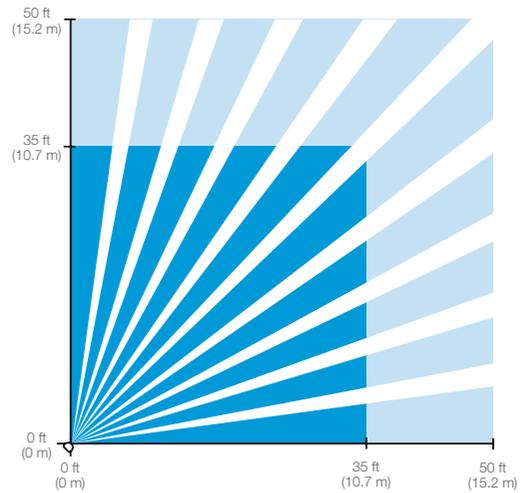

Wall-mount, 180°

1,500 ft² — minor motion
3,000 ft² — major motion

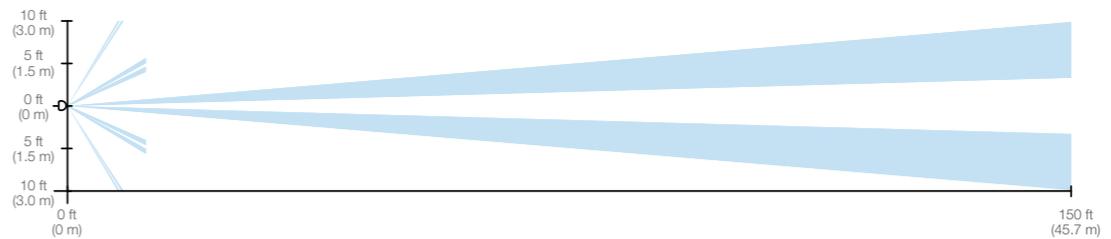

Corner-mount, 90°

1,225 ft² — minor motion
2,500 ft² — major motion

Hallway, long narrow field of view

Coverage varies by hallways width and length

Key:

- minor motion (PIR)
- major motion (PIR)
- very fine motion (Ultrasonic)

In-wall occupancy/vacancy sensors

* XX denotes color suffix

** Meets this requirement when bi-level control is allowed

*** Meets this requirement when paired with proper load control

Multi-location dimmers/switches work with up to nine companion dimmers/switches
3-way dimmers work with mechanical 3-way switches

Vacancy-only models available.
Additional controls available. Visit www.lutron.com/ETP
