

## XAP-1240

### WHAT THIS PRODUCT DOES:

The Luxul High Power Wireless 300N Outdoor Access Point (XAP-1240) is the perfect option for delivering broad Wi-Fi coverage to outdoor areas. Combining Luxul signal enhancement and multi-stream 802.11n wireless technologies, it delivers superior wireless coverage and fantastic data rates. The XAP-1240 is compatible with the XWC-1000 Wireless Controller and can be used standalone or as part of a multi-AP deployment. Installation is simple, requiring only a single Ethernet cable that delivers both power and data through the integrated PoE port. The weather-resistant enclosure is designed to be either surface or pole mounted.
