Maximum Weight _____	100 lbs [45.4 kg]
Swivels _____	Up to 55°, dependent upon TV width

Apex is the revolutionary motorized wall mount that blends high function and sleek aesthetics to create the perfect positional viewing solution. Programmable with up to 3 presets, homeowners can change the angle or position of their screen with the push of a button. Apex's unique Wall Box provides ultimate flexibility, allowing for either on-wall mounting or near-gapless, in-wall mounting. Simple three-step installation, a proprietary system for concealed cable management, and dedicated component mounting locations, make Apex unparalleled in innovation.

- Industry-Leading Reliability
- Easy 3-Step Installation
- Ships Fully Assembled

All Nexus products are shipped in custom-made protective packaging, and they include everything you need to mount and operate them. The products are designed for easy assembly, and simple instructions with photos are included.
