

Powered Mixers

EUROPOWER PMP980S

900-Watt 10-Channel Powered Mixer with Dual Multi-FX Processor and FBQ Feedback Detection System

- Ultra-compact 2 x 450-Watt stereo powered mixer
- Revolutionary amplifier technology: enormous power, incredible sonic performance and super-light weight
- Ultra-compact design at nearly half the depth and weight of conventional powered mixers means no more lugging around dead weight
- 10-channel mixer section features 6 mono and 2 stereo channels plus separate tape returns
- 2 studio-grade 24-bit stereo FX processors with 100 awesome presets including reverb, chorus, flanger, delay, pitch shifter and various multi-effects
- Revolutionary FBQ Feedback Detection system instantly reveals critical frequencies for easy feedback removal
- 8 high-quality mic preamps with switchable +48 V phantom power for condenser microphones
- Effective, extremely musical 3-band EQ, switchable Pad and Clip LEDs on all mono channels
- Stereo 7-band graphic EQ allows precise frequency correction of monitor and main outputs
- Voice Canceller function removes singer's voice from recordings for Karaoke applications
- Selectable stereo (main L/R), double mono (main/monitor) or bridged mono amplifier operation mode

The amazing PMP980S Powered Mixer packs tremendous power (2 x 450 Watts stereo or 900 Watts in Bridged mode), while maintaining an incredible power-to-weight ratio. These mixers employ high-efficiency amplifier technology, which significantly reduces weight and heat.

The 10-channel PMP980S features 8 high-quality mic preamps, 2 stereo channels, dual 24-bit Multi-FX processors with 100 awesome presets including studio-class reverbs, delays, pitch shifter and various multi-effects, plus a 7-band stereo graphic EQ with our proprietary FBQ Feedback Detection System – for the ultimate in feedback-free performance.

Powered Mixers

EUROPOWER PMP980S

900-Watt 10-Channel Powered Mixer with Dual Multi-FX Processor and FBQ Feedback Detection System

- Speaker Processing function adjusts frequency response to match professional speaker systems like BEHRINGER EUROLIVE series, etc.
- Standby switch mutes all input channels during breaks while background music is provided via tape inputs
- Adjustable stereo Aux input for connecting external signal sources
- Internal switch-mode power supply, noise-free audio, superior transient response and very low power consumption
- Rack mount brackets included
- High-quality components and exceptionally rugged construction ensure long life
- 3-Year Warranty Program*
- Conceived and designed by BEHRINGER Germany

All-In-One Solution

The powerful PMP980S gives you the choice of 2 x 450-Watt stereo, 2 x 450-Watt dual mono, or 900-Watt bridged mono output. Whether the center of attention happens to be a folk trio, a speech, or a synth-rock band with mind-boggling stereo patches, the PMP980S can accommodate with ease. This sonic versatility also makes it an excellent choice for churches, where vocals and stereo recordings often share face time.

Built-in Digital Multi-FX Processors

Equipped with not one, but two of our studio-grade 24-bit Multi-FX processors, the PMP980S mixer gives you 100 mind-blowing digital effect presets such as delay, chorus, reverb and much more. Apply them to any channel, as well as to the monitors and main output. Of course, if you have treasured outboard gear you've grown attached to, these mixers can integrate them into the mix while bypassing the built-in FX processor.

Dual Multi-FX Processor and FBQ Feedback
Detection System

FBQ - Totally Feedback-Free

For more than 20 years, BEHRINGER has designed and manufactured some of the most successful FBQ Feedback Elimination processors. Now you can own and enjoy the benefits of this technology, as we have integrated the revolutionary FBQ Feedback Detection System into this product, so your sound system is completely feedback-free, allowing you to focus on your performance. Utilizing an ultra-fast feedback detection system, this ingenious circuitry helps you recognize and tame feedback frequencies immediately. When feedback is sensed in a specific frequency range, the LED on the associated EQ fader illuminates, showing you at a glance which fader to lower to overcome the feedback. That simple!

Special Features...

The PMP980S also comes equipped with our Voice Canceller technology, which eliminates the vocals from pre-recorded music for instant karaoke applications.

Getting Connected

Use the CD/Tape RCA inputs to feed in external stereo signals; conversely, the CD/Tape RCA outputs send line-level signals from the mixer to a recording device. The left and right output 1/4" connectors can be used for a variety of purposes, including connecting to additional power amps. Connect your monitor power amps or active monitor speakers to the Monitor Sound output. Powered outputs on these mixers are available in the professional, twist-lock Speakon-compatible variety. And when you're ready to take a break, the convenient Standby switch mutes all of the mic channels – but lets your background music keep the party going!

900-Watt 10-Channel Powered Mixer with
Dual Multi-FX Processor and FBQ Feedback
Detection System

Small, Simple, Superb

Medium-sized events call for the lightweight PMP980S (18.8 lbs/8.5 kg), easy-to-use 10-channel, 900-Watt powered mixer. The PMP980S is the most efficient and affordable powered mixer for the job, and can even be used as a pure analog mixer – or a pure power amplifier. With its high-quality mic preamps, 24-bit Multi-FX processor, and stereo 7-band graphic EQ with our FBQ Feedback Detection System – the PMP980S makes it easier than ever to lend exceptional sound quality to all kinds of public performances.

You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own MUSIC Group factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world. As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous [3-Year Warranty program](#).
