Weatherproof TV & Display Enclosure

Fits 40-80" Televisions & Digital Monitors

The TV Shield PRO[®] is a weatherproof, secure and robust enclosure made with a combination of lightweight aluminum and steel for ultimate strength and durability. Designed for use with any standard indoor TV or digital display, it is ideal for residential, commercial and professional markets. Developed for outdoor areas, The TV Shield PRO's proprietary "Quick Install" system is faster to install and maintain than other metal enclosures and effortlessly opens with gas shocks for easy access to the display. The entire unit is secured with dual high strength chambered key locks and comes with a thermostatically controlled and filtered air circulation system. The TV Shield PRO[®] professional-grade TV and display enclosure includes anti-glare acrylic protective shields (ultra-clear acrylic is available) and has larger size options up to an industry-first 80 inch enclosure.

ROBUST - The TV Shield PRO's ultra-clear cover (shield) is manufactured using shatter-resistant acrylic. The rear case is built using highly durable, powder coated, steel and lightweight aluminum. The TV Shield PRO[®] also offers some of the largest digital display and TV case sizes on the market.

SLEEK - Imagine a Ferrari with the durability of a Tank. The TV Shield PRO[®] boasts strength, usability and aesthetic taste (and can even be painted custom colors), making it the most desirable high-end metal TV and digital signage case available.

UNIVERSAL - With the ability to fit almost any standard indoor TV or display, The TV Shield PRO[®] can accommodate units from 40 inches up to 80 inches. Our proprietary patent-pending design mounts using any universal VESA mounting system.

FUNCTIONAL - The TV Shield PRO[®] props open with gas shocks, allowing for easy access to the inside of the case. Even more innovative, this enclosure features a full motion internal mount, which allows for quick access to the back of the TV or display for maintenance. Whether in the open or closed position, you can enjoy watching television on your outdoor patio, pool deck or any residential or commercial setting.

MADE IN THE USA - The TV Shield PRO[®] enclosure was designed, engineered and is manufactured by King Precision Solutions in the USA from top quality materials.

LIMITED PRODUCT WARRANTY

- 5 Year Limited Warranty** on housing.
- 3 Year Limited Warranty** on polycarbonate front cover/shield.
- 2 Year Limited Warranty** on product failure or QC defects.
