Endorsement

"The IAdea XMP-6250 is a versatile, industrial media player which is suitable for a broad range of applications requiring HD playback. As well as supporting several interfaces, such as WiFi and USB for flexible deployment, it can be remotely managed using IAdea's device management SignApps software. Additionally, it supports third party content management systems, providing further flexibility and scalability. It has been a hugely popular device for us, across a broad range of verticals including retail, healthcare and hospitality."

— Jade Harris, Senior Account Manager, Westbase Technology
IAdea UK distributor

"The IAdea, XMP-6250 has proven to be robust, commercial grade, solid state media player. Effortlessly setup every time i.e.... Set and forget. Recently launched into the Australian market, we have nothing but praise for the entire team at IAdea for their knowledge and fast product support."
