

# Yoke Mounting Kit

## Product Description

The Yoke Mounting Kit includes a double yoke bracket that allows for adjustment of the pitch (up/down angle) and yaw (right/left angle) of the loudspeaker in ceiling-mounted installations. Use the flexible array to further refine the vertical coverage pattern by up to 40 degrees. The Yoke mounting bracket is suitable for standard and high ceiling installations.

For complete safety and installation instructions, see the Yoke Mounting Kit Installation Guide included with the mounting kit (Product Code 736451-0110).

## Key Features

- Fits F1 Model 812 Active and Passive loudspeakers
- Works in both standard and high ceiling installations
